FINANCIAL POLICY

This statement is to inform you of our financial policy. We are committed to providing you with the highest quality of dental care utilizing only the best materials and education available. In our process of doing so, we have formulated a financial policy so that we can continue to provide excellent service to you and minimize our administrative costs.

Payment is due at the time service is provided. For your convenience, our office accepts cash, personal checks and credit cards. Outside financing is available upon request and approved credit. **We reserve the right to assess a billing fee of $10 for every statement sent.**

For those of you with dental insurance, as a courtesy, we will assist you in processing your insurance claims. You may direct your insurance company to pay your benefits directly to our office by signing on the "Assignment of Benefits Agreement". Please keep your insurance information updated! **Your co-payment amount is due the same day the services are provided.**

All incurred charges are ultimately the responsibility of the patient regardless of insurance coverage. We must emphasize that as your dental care provider, our relationship is with you, our patient, and not with your insurance company. Your insurance plan is a contract between you, your employer and the insurance company.

Returned checks and **balances older than 30 days are subject to collection fees** and finance charges at the rate of 1.5% per month (18% annually). **Additionally, we reserve the right to charge for broken appointments and appointments canceled without forty-eight hour advance notice.** Please note that finance and/or late charges will apply even if your insurance payment is late.

If you have any questions regarding our financial policy, please do not hesitate to ask. We are committed to providing you with the most positive experience in dental care.

ASSIGNMENT OF BENEFITS AGREEMENT

Our office will accept an assignment of benefits from your insurance company with the following provisions. It is important to understand, though, that the contract regarding your dental benefits is between you, your employer, and your insurance company. The obligation you have with our practice is to pay for treatment, regardless of the amount that may or may not be reimbursed by your insurance company. The following provisions identify our policies governing insurance claims.

- Although we are willing to complete insurance information forms and submit a claim on your behalf, we do not accept responsibility for the outcome of the transaction. Completing insurance forms is a courtesy we extend to you in an effort to maximize your insurance reimbursement. By having our office process your insurance forms, it is important to understand that this does not eliminate your financial obligation for your treatment.
- We require you to sign this form and/or any other necessary assignment documents that may be required by your insurance company. This instructs your insurance company to make payment directly to our office. You may choose to pay us in full and receive direct reimbursement from your insurance company.
- We require you to pay the co-payment, which is the amount not covered by your insurance company, at the time we provide service to you.
- Insurance payments ordinarily are received within thirty to sixty days from the time of billing. If your insurance company has not made payment to our office within sixty days, we will ask you to pay the balance due at that time. You will be responsible for seeking reimbursement from your insurance company at that time.
- Our office does **not** guarantee that your insurance company will pay for treatment you receive from our practice. We perform routine insurance billing procedures upon verification of coverage. However, if your claim is denied, you will be responsible for paying the full amount at that time.
- Our office will not enter into a dispute with your insurance company over any claim, although we will provide necessary documentation your insurance company requests to sort out any confusion or questions that may arise. We will cooperate fully with the regulations and requests of your insurance company. It is ultimately your responsibility to resolve any type of dispute over payments made or not made by your insurance company.

I HAVE READ AND UNDERSTAND THE ABOVE AND CONDITIONS. I HEREBY AUTHORIZE MY INSURANCE COMPANY TO PAY MY DENTAL BENEFITS DIRECTLY TO THE DOCTOR.
